Voting Machines Costly

A transfer made by the board of finance at its session last night shows how much it cost the city of New Haven to use the voting machines this year. This cost of course can be figured as higher than it will be in years to come as a large amount was expended on the work of demonstrating the machines. The sum of \$13,782 was appropriated for election expenses this year and the general registrars was appropriated for election expenses this year and the general registrars believe they could have lived inside the appropriation but for the extras required by introducing the voting machines. LAWYERS PRAISE SHERIFF HAMILTON

ARE SORRY HE WAS LEFT OFF REPUBLICAN TICKET TO MAKE PLACE FOR JOSEPH KALAFUS.

There were scores of attorneys about the city yesterday who were indignant when they heard of the turning down of City Sheriff Thomas F. Hamilton, by the Republican convention for Jos.

by the Republican convention for Jos.
Kalafus, a resident of the East Side,
who believed that he should have some
recognition from his party.
A prominent lawyer said this morning, "I am unable to learn that there
was a single sound political reason
why Sheriff Hamilton should have why Sheriff Hamilton should have been turned down. But the attorneys are not interested in the political end of the matter, but in the business end, Hamilton was one of the best civil officers in the state. It is a more difficult matter to be a good sheriff than a good lawyer. A little mistake here and there, means the upsetting of many a case. Sheriff Hhamilton did the work for most of the banks in the city as well as the work for W. H. Kelsey, one of the largest real estate atcity as well as the work for W. H. Kelsey, one of the largest real estate attorneys in the county. It means much to the people, who are clients, as well as to the lawyers, that men of Hamilton's ability shall be maintained in office. Of course the lawyers will stand back of the sheriff and will insist that he either be given a place on the ticket or that he be appointed a deputy sheriff. It is understood that Kalafus, does not care for the job as long as he gets something in its place. He would like to be a letter carrier better than anything else, but it happens that they are not nombut it happens that they are not nom-inating letter carriers in the city con-

vention."
Sheriff Hamilton told a Farmer reporter yesterday afternoon that he did not care to discuss the matter except to say that the pleasant part is to find that he has so many friends.
He would also state he said that the action of the convention was a sur-prise to him. Hamilton has been a city sheriff for 16 years. It is said that the nomination of Kalafus is made to attract a new element in the voting population.
